Terms & Conditions

1. **Data Loss:** Please note no guarantees can be given for lost records during the repair process. You must back up data. I do not hold Hurstville Repair Centre's responsible for any financial loss for lost records or delay in repair lead times.

2. **Not claimed product:** The Uncollected Goods Act states, "If any repair is left on our premises for more than one month, with no correspondence from the owner and after, a letter, email or text is sent then the unit will be disposed of to recover costs i.e. spare parts, labor and storage. In the event that the unit has not been disposed of then a storage retrieval fee of \$45 applies, this fee is added to any initial non-warranty fee."

3. **Water Damage Repairs:** While we can often recover an iPhone from water damage, often the further corrosion caused by water damage can cause additional problems in the future. These future problems are not covered by warranty.
